

WAKE ELECTRIC MEMBERSHIP CORPORATION
WAKE FOREST, NORTH CAROLINA

**RESIDENTIAL SERVICE including ELECTRIC VEHICLE and SOLAR
SCHEDULE “R-EV+SOLAR”**

AVAILABILITY

Available on a voluntary basis to all territory served by the Cooperative, subject to the established Service Rules and Regulations of the Cooperative. Rate is available to residential accounts with the following criteria: 1) lease or own a “plug-in” electric vehicle (conventional gas/electric hybrid vehicles that only use the engine to re-charge the battery are excluded) and, 2) the home has solar panels a minimum output rating of 2 kW and an approved interconnection agreement with the Cooperative.

APPLICABILITY

This schedule is applicable to and available for residential single-family dwelling use only, excluding prepaid accounts. The intent of the Electric Vehicle (EV) discount portion of the rate is to provide incentive for charging of a “plug-in” electric vehicle during off peak times. In order to qualify for EV, applicant must:

- Register the vehicle with the Cooperative by providing a copy of the electric vehicle “proof of purchase” or lease agreement
- Provide electric vehicle registration card corresponding to associated electric address with the Cooperative
- Provide proof that vehicle can be recharged from an external (plug-in) source of electricity
- Notify Cooperative if ownership or lease of the electric vehicle changes during the calendar year
- Register annually for the rate

If recertification of the EV is not provided as required by January 1st of each year, billing will revert to the Schedule “R” rate in combination with an appropriate Rider for the solar installation.

The generation portion of the Rate will be served under the applicable Renewable Generation Credit Rider listed in the Cooperative’s Rate Schedules. Charges for kWh’s purchased from the Cooperative will be discounted during the mid-day hours due to the abundance of mid-day generation driving down the cost of electricity purchased by the Cooperative during these hours.

The Cooperative reserves the right to request additional information if clarification for rate determination is needed. This rate will only be available once all proper documentation is provided to the Cooperative.

The Cooperative may require a written contract for any requested three-phase service.
