

**WAKE ELECTRIC MEMBERSHIP CORPORATION**  
WAKE FOREST, NORTH CAROLINA

**RESIDENTIAL TIME-OF-USE SERVICE with ELECTRIC VEHICLE  
SCHEDULE "R-TOU-EV"**

**AVAILABILITY**

Available on a voluntary basis to all territory served by the Cooperative, subject to the established Service Rules and Regulations of the Cooperative. Rate is available to owners of or to those leasing "plug-in" electric vehicles (conventional gas/electric hybrid vehicles that only use the engine to re-charge the battery are excluded).

**APPLICABILITY**

This schedule is applicable to and available for residential single family dwelling use only, excluding prepaid accounts. The intent of the rate is to provide incentive for using electricity during defined Company documented off peak times as well as charging of a "plug-in" electric vehicle during off peak times for additional discount. In order to qualify, applicant must:

- Register the vehicle with the Cooperative by providing a copy of the electric vehicle "proof of purchase" or lease agreement
- Provide electric vehicle registration card corresponding to associated electric address with the Cooperative
- Provide proof that vehicle can be recharged from an external (plug-in) source of electricity
- Notify Cooperative if ownership or lease of the electric vehicle changes during the calendar year
- Re-register annually for the rate by providing a copy of the valid registration card at time of renewal

Annual recertification requires the responsibility of the member to provide the Cooperative with a new registration card no later than 30 days after the expiration of the card on file. The EV discount will be removed if not timely provided. The Cooperative also reserves the right to request additional information if clarification for rate determination is needed. Rate will only be available once proper documentation is provided.

The capacity of individual motors served under this classification shall not exceed 10 H.P. The Cooperative may require a written contract for any requested three-phase service.

**TYPES OF SERVICE**

Single-phase, 60-cycles, and where available, three-phase, 60 cycles, at available secondary voltages.
