WAKE FOREST, NORTH CAROLINA

RESIDENTIAL TIME-OF-USE with SOLAR

SCHEDULE "R-TOU-SOLAR"

AVAILABILITY

Available on a voluntary basis to all territory served by the Cooperative, subject to the established Service Rules and Regulations of the Cooperative. Rate is available to residential accounts with the following criteria: 1) the home has solar panels with a minimum output rating of 2 kW and an approved interconnection agreement with the Cooperative.

APPLICABILITY

This schedule is applicable to and available for residential single family dwelling use only, excluding prepaid accounts. The intent of the rate is to provide incentive for using electricity during defined Company documented off peak times while providing a mid-day solar discount for purchased kWh's during other off peak times for additional discount.

The generation portion of the Rate will be served under the applicable Renewable Generation Credit Rider listed in the Cooperative's Rate Schedules. Charges for kWh's purchased from the Cooperative will be discounted during the mid-day hours due to the abundance of mid-day generation driving down the cost of electricity purchased by the Cooperative during these hours.

The Cooperative reserves the right to request additional information if clarification for rate determination is needed. This rate will only be available once proper documentation is provided to the Cooperative.

The Cooperative may require a written contract for any requested three-phase service.
